Re: Ms. Christine Wagner

To Whom It May Concern:

As Director/Writer/Producer of the award winning independent film, *The Legend of Tillamook's Gold*, I am writing to recommend Ms. Christine Wagner, our camera operator. Ms. Wagner is an outstanding camera operator and her professionalism and ability were invaluable in the making of *The Legend of Tillamook's Gold*. Due to an error in the making of the credits during our rushed finish of the movie for the first film festival, the Newport Beach Film Festival (of more than twenty festivals where the movie was featured) Ms. Wagner's role on the movie was incorrectly credited as "B" camera operator.

Of almost anyone involved in the movie, Ms. Wagner provided energy, enthusiasm, professionalism and ability that contributed to the final product's success. She was an important part of the team, which produced *The Legend of Tillamook's Gold* and would be an asset to any production.

Ms. Wagner worked smoothly and effectively with the Director of Photography, adding her expertise to his skills and talent.

I recommend Ms. Wagner highly and would be happy to discuss her abilities with a director or producer who has the opportunity to hire her. Her commitment to our project is greatly appreciated.

Very truly yours,

Jane Hall

Director/Writer/Producer

The Legend of Tillamook's Gold
